Subject: Microsoft Settlement

Dear Sir/Madam,

I'm writing to add my voice against the proposed settlement between the DOJ and Microsoft in the antitrust case.

Its my opinion that the proposed settlement will do nothing to restore competition in the market and that it will only serve to reinforce Microsoft's monopoly.

I vote against the settlement.

You should listen closely to statements made by Barksdale of Netscape and comments from Dan Kegel.

The software industry has endured a long night against an entrenched monopoly who has and continues to act illegally to preserve and extend that monopoly.

Continued Litigation is preferable to this settlement.

I am a US Citizen
